WELCOME MESSAGE

Dr. Aiman Rahmani

Dr. Junaid M. Khan

Dear Colleagues,

On behalf of the scientific committee, it gives us immense pleasure to announce the **"14th International Neonatology Conference on "Hottest Topics in Neonatal Medicine"** to be held on **19-20 April, 2025 at Grand Hyatt Hotel, Abu Dhabi, UAE.**

INC2025 will feature state-of-the-art advances in Neonatal care and research delivered through an expert panel of local and international faculty with decades of experience at leading institutes. The event will provide attendees with an opportunity to learn, debate, and network with peers in this very active scientific field.

We cordially invite neonatologists, pediatricians, researchers, nurses and other health care professionals who are interested in sharing their knowledge and research in the arena of Neonatal-Prenatal Medicine to join our leading faculty.

The scientific program aims to discuss key issues and latest advances and controversies in neonatology. Prominent national and international speakers and leading experts from the field will discuss a wide range of common neonatal diseases in multiple subspecialties and will provide comprehensive, up-to-date, research-based answers to the most frequent questions that arise at patient's bedside in everyday practice.

The congress will highlight what is new in neonatology, birth complications, neonatal cardiology, neonatal endocrinology, neonatal nutrition, neonatal infection, neonatal surgery, brain injury, ventilation, neuroprotection quality, ethical issues and neonatology in future and many more other interesting topics, giving the opportunity to interact and share clinical and research experiences with colleagues in the neonatal community.

As the premier event, we have developed a high-quality scientific program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions and livelier interaction with leaders and experts.

The conference is endorsed by several international medical organizations and features outstanding experts and known neonatologists from premier medical institutes in the United States, Europe, Australia, the Middle East and the United Arab Emirates.

The forum will allow ample opportunities for participants to network, collaborate and share ideas to enhance the quality and safety practices for care provided to neonates around the globe.

The event will also provide an opportunity for networking for future academic and clinical collaborations. We look forward to your participation and trust this will be a unique educational experience. This is an opportunity not to be missed!
